Sheet Weight: 177 lbs.

- Available in semi-gloss white finish
- Stock sizes with black PVC banding:
 - 24" square and round
 - 30" square and round
- Meets Class C. flame spread index 200 or less and smoke developed index 450 or less
- Hoffman Scratch Test result of 2000 (Max)

FEATURES AND BENEFITS

Vibrant Image Reproduction

Exceptional detail and color resolution
3D depth of image

Fade Resistant

Will not yellow with age

Chemical Resistant

Can be cleaned with ammonia, bleach, acetone, rubbing alcohol, glass and all-purpose cleaners

Abrasion and Scratch Resistant

Moisture Resistant

Stain resistant

Coating Options

Coatings are available in a variety of options and can be applied to a number of substrates to create stunning visual pieces.

Table Top

The table top coating offers superior scratch resistance with the addition of aluminum oxide nanoparticles, which allows for micro scratches to self-heal over time. These particles extend the life on surfaces that experience high wear, which is why it is the top choice for table tops. Available finishes include: *Semi-Gloss*.
