

ChromaLuxe®

4-Way French Cleat Hanging System

Developed & Manufactured by PRG Professional™

Mounting ChromaLuxe® Panels is Faster Than Ever Before!

Looking for a **clean, simple, and fast** way to mount your ChromaLuxe panels? Look no further! Using patented 4WFC™ technology - our new, **lightweight** hanging system can be **installed in just seconds**. It features a rigid mounting polymer with 1/2" thick float mount for secure and stable display and comes standard with an **integrated level for easy, accurate installation**.

FEATURES AND BENEFITS

Compatible with Various Substrates

Ideal for Aluminum and Acrylic Prints

Quick & Easy Frame Assembly

Fully assembled within seconds

Integrated Level

Allows for an easy, accurate mounting

Permanent PSA (Pressure Sensitive Adhesive)

Made from permanent rubber adhesive, not acrylic - which is superior permanent mount tape

Versatile Mounting

Can be hung vertically or horizontally

100% Fully Recyclable

Made from E-PVC with 12% post-industrial regrind content

Scalable Product Offering

Available in both pre-packaged kits or bulk components

Made in USA

Domestically sourced raw materials, designed, engineered and manufactured

MADE IN THE USA

A Fully Recyclable, Versatile Hanging System

The ChromaLuxe 4-Way French Cleat Hanging System simplifies the way you mount and hang your aluminum and acrylic ChromaLuxe panels. It allows you to hang your panels both horizontally or vertically, and is 100% fully recyclable - made from E-PVC with 12% post-industrial regrind content.

This mounting system simplifies installation to the fullest. Smaller size panels utilize a 2-piece 45 degree French cleat and larger size panels utilize a 4-way 90 degree French cleat design. **Please refer to the master chart on the back to see what distance from the edge your cleats should be.**

When image matters, choose ChromaLuxe.

ChromaLuxe® 4-Way French Cleat Hanging System

ASSEMBLY AND INSTALLATION INSTRUCTIONS

Follow these quick and easy steps to assemble and install your ChromaLuxe 4-Way French Cleat Hanging System, or scan the QR code to watch our how-to video!

Parts List:

- (2x) Long Section
- (2x) Screws
- (2x) Short Section
- (2x) Wall Anchors
- (1x) Leveling Wall Cleat

1
Assemble the frame by connecting the corners of the four frame sections.

2
Clean the back of the ChromaLuxe® panel with isopropyl alcohol.

3
Measure from the edge of the panel using the included measurements.

4
Remove the backing paper from the adhesive strips.

5
Align the hanging system with the measured marks on the panel.

6
Firmly press down on the entire perimeter to ensure full adhesion on all sides.

7
Using the provided leveling wall cleat and a pencil, mark the drill holes in the desired mounting location.

8
Hang the prepared ChromaLuxe® panel, ensuring the panel is centered on the leveling wall cleat.

Your ChromaLuxe® 4-Way French Cleat Hanging System installation is now complete.
