ChromaLuxe®

WHEN IMAGE
MATTERS

American-Made. Elevated
Quality. Investing in Growth.

Luxury in Print

Elevate every image with the extraordinary clarity and archival quality available from ChromaLuxe, the global manufacturing leader of premium dye sublimation media, specializing in metal and wood prints.

Optimized for photography and engineered to last a lifetime, the high-performance photo panels manufactured by ChromaLuxe can bring even the smallest details to life by allowing images to be infused directly into substrates.

When it comes to artwork, discerning audiences know that how it's displayed can make all the difference. ChromaLuxe has created a state-of-the-art coating. This means that fine art, photos and more can be displayed virtually anywhere with more vibrancy, more clarity and a longer life than any other print medium.

Skillfully engineered and manufactured in Louisville, Kentucky, by a dedicated team of industry experts, ChromaLuxe represents the finest in American craftsmanship and quality.

Since all raw materials for our substrates are sourced and produced in the United States, you can rest assured that each and every ChromaLuxe panel meets exacting standards. We will never use cheap alternatives or substandard materials, ensuring that prints made with ChromaLuxe are the best the industry has to offer.

Personalized Presentation Options

The durability of ChromaLuxe allows you to display prints with wall mounts or traditional frames, no glass required.

Archival Quality for Every Application

Whether you're curating a home gallery or perfecting a commercial environment, ChromaLuxe quality lasts a lifetime.
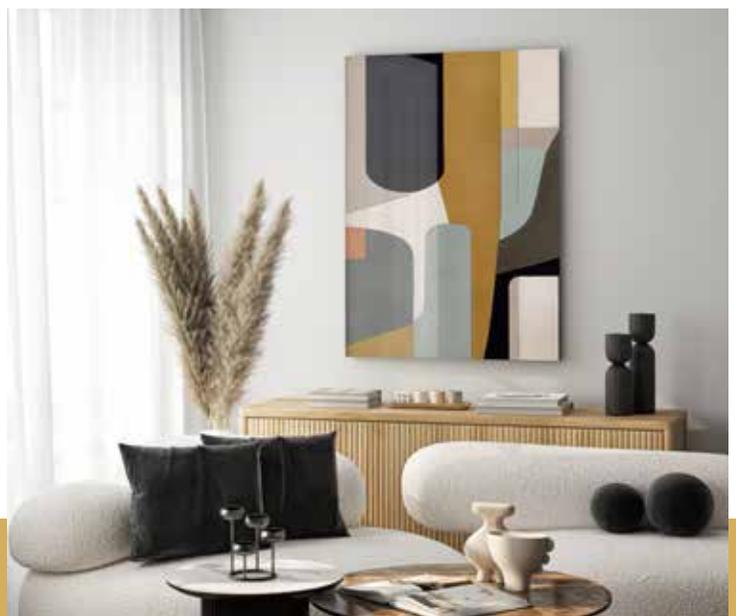

The Delight is in the Details

Only our state-of-the-art coating can capture the minute details that elevate your image to the extraordinary.

WOOD PHOTO PANELS

Experience the same high-definition image reproduction you've come to expect from our metal prints in a more traditional substrate alternative. ChromaLuxe wood prints are equally suited to both residential and commercial environments thanks to their elegant look and timeless feel. Available in a variety of sizes, ChromaLuxe wood photo panels are the perfect choice for residential and commercial spaces. Each panel has a beveled edge with keyholes on the back for easy hanging in a home, office or gallery.

Images are infused into specially coated wood panels to provide the ultimate image clarity and vibrancy with exceptional detail and color resolution.

ChromaLuxe®

Sub Frames for ChromaLuxe Panels

WHAT DOES A SUB FRAME DO?

• Floats the panel away from the wall

• Provides a way to hang the panel on the wall

• Gives the panel a substance and rigidity

• Push in corners shaped to prevent damage to the panel if it flexes in transit

• Bonds to the back of the panel with Heavy Duty Bonding Tape
